Relevant Experience

Innovaccer

Senior Software Engineer Jan 2024 — Present

Software Engineer Jan 2022 — Jan 2024

- Build, style, and ship high-quality and robust features, websites and design systems digital experiences for a diverse array of clients using technologies such as Typescript, Javascript, React, Redux, Node, Express, CSS, and more
- Work alongside product & project managers, designers, and other engineers to transform creative concepts into refined digital experiences at an agile (2 weeks) cadence.
- Enhanced code reliability by increasing unit test coverage across all repositories by 30%, ensuring robust and maintainable components through rigorous testing with Jest and React Testing Library.
- Mentored junior developers on coding practices, code hygiene, visualization, reusability, and problem solving

Mosaic Wellness

UI Engineer Jan 2021 — Jan 2022

- Build dynamic and interactive website using React and Nextjs, that ensured high page traffic and better user experience, resulting in a 120% increase in sales.
- Improved the Core Web Vitals of the overall website, which made the website render faster by 20%.

Meetbeans

Software Engineer Intern May 2020 — Dec 2020

- Worked on an online event platform to provide a highly interactive experience between Host, Speaker and Attendees.
- Created new user interface using Vue.js, Agora video calling APIs and Socket.io.
- Scaled the website with the help of AWS to make it work with a large number of attendees.

Skills

Programming Languages

Typescript, Javascript, Node.js, Python, SQL, No-SQL, HTML, CSS, Sass, GraphQL

Libraries & Frameworks

React.js, Next.js, Express.js, Vue.js, React Native, Django, FastAPI, TypeORM, MongoDB, Redux, Styled components

Tools & Platforms

Docker, Kubernetes, AWS, Azure, Webpack, Storybook, Firebase, Figma

Selected Projects

Kushal Bharat News

Developed a news-sharing website with 10+ categories in 3 languages, featuring user authentication, REST APIs, and a full-stack stack built with Node, Express, React and more.

Education

Venus Institute of Technology
Bachelor of Computer Engineering
